About the Institute of Chartered Accountants of India

The Institute of Chartered Accountants of India (ICAI) is a statutory body established on 1st July, 1949 by an Act of Parliament, viz., The Chartered Accountants Act, 1949, for regulating the profession of chartered accountancy in the country. The Institute functions under the administrative control of the Ministry of Corporate Affairs, Government of India and has 5 Regional Councils, 128 Branches covering the length and breadth of the country and 21 Chapters abroad. Founded 64 years ago with just seventeen hundred members, the Institute has grown to cross the mark of 2,00,000 members and more than 10,00,000 students. It is the premier accounting body in the country and the second largest in the world.

The ICAI is managed by a Council consisting of 40 members out of whom 32 members are elected by Chartered Accountants and 8 members nominated by the Central Government. The Board of Studies is responsible for administering the CA education and training and also all activities relating to the CA students.

Chartered Accountancy as a Profession

Chartered Accountancy – A Challenging Profession, offers practice or job opportunities in the areas of accounting, auditing, corporate finance and other business laws, taxation and corporate governance.

The multi-faceted knowledge a chartered accountant enjoys through unique academic programme blended with practical training is what the business and industry need in the advent of globalization of Indian economy. A globally acclaimed profession capable of offering new vistas to young talents, a vision to build a career and a new idea to blossom – invites you to join the CA course and be a proud member of the glorious profession.

Career Opportunities for Chartered Accountants Independent Professional Practice

As practitioners of public accounting, CAs may start professional practice as a proprietor or join any existing firm as a partner or staff member. A CA provides compliance and review services and expert advice in Direct and Indirect Taxations. He also acts as a business advisor by providing all kinds of services including the preparation of financial reports, restructuring of finance options, preparing financial projections, etc.

Management Consultancy Services

CAs play a vital role in assisting business and industry to improve the use of their resources. The range of management advisory services rendered by CAs reflect their expertise in diverse areas like financial management, strategic management, planning and financial policy determination, etc. As direct and indirect tax planners and advisors, CAs help business and individuals in tax planning and tax compliance and represent their clients before government agencies.

Opt for Industry/Government Organisation

A CA may prefer to join an industry or government department and ultimately hold responsible positions. Many Chartered Accountants hold responsible positions in business or industrial firms as CEOs, CFOs, COOs, Managing Directors, etc.

Opportunities in Global Arena

Today, Indian Chartered Accountants have an impressive presence throughout the globe holding eminent positions. Many MNCs as well as KPOs prefer Indian CAs for their expertise in IFRS, International taxation, International Trade Laws and Accounting in IT environment.
